RICK HOLLANDSWORTH

Principal Product Designer | User-Centered Design | AI-assisted design

201.404.5031 rick.hollandsworth@outlook.com LinkedIn Springfield, Missouri Portfolio Link

Summary

Principal Product Designer with **15+ years of expertise** driving end-to-end user journeys and high-level UX strategy for a **$1.25 billion consumer product portfolio** reaching 20 million subscribers. A proven leader proficient in user-centric design and rigorous Agile execution, partnering seamlessly with executive leadership and cross functional teams to bridge complex user needs with core business goals.

Experience

Verizon

July 2017 – August 2026| Basking Ridge, NJ (Remote)

Principal Experience Designer | May 2021 – Aug 2026
Lead Experience Designer | Oct 2018 – May 2021
UX Design Lead | Jul 2017 – Oct 2018

- **Team Leadership & Scaling:** Hired and managed a design organization of nearly **30 designers** and managers, comprising full-time employees, contractors, and agency partners, to execute across the Verizon product ecosystem.
- **Managed High-Impact Portfolios:** Influenced the design strategy for market-leading products, including **Verizon Cloud** ($1B revenue/5.74M users) and **5G Home Internet** ($514M revenue).
- **Engineered Specialized Solutions:** Delivered user-centric ecosystems for the **Gizmo Watch** (700k children and 2.4M parents) and the **Verizon Family** suite ($220M revenue).
- **Quantified Security Engagement:** Drove adoption for **Verizon Protect** ($17.7M revenue) and integrated security dashboards to build user trust.
- **AI-Driven Design:** Leveraging AI tools (Gemini, NotebookLM, Figma Make) for user research, market research, and data analysis to create design concepts and rapid interactive prototyping.

EBS BrokerTec (now CME Group)

March 2012 – March 2017 | Parsippany, NJ

Sr. User Experience Designer

- **Architected High-Frequency UI:** Designed a new FX forwards trading interface processing $41B in daily trades, driving the platform to win Best Broker for Spot FX five consecutive years
- **Accelerated Trading Performance:** Supported a 30% acceleration in Spot FX trading through intuitive iceberg order designs on a platform averaging $100B in daily volume

UI/UX Consulting (KPMG, Citi Group, Medco)

May 2008 – February 2012 | Various Locations

Senior Design Consultant

- **KPMG:** Mitigated legal risk and ensured universal usability by producing intranet templates that enforced **Section 508 accessibility** requirements for the entire firm.
- **CitiGroup:** Supported business development for Prime Finance by integrating legacy products into the **Citi Velocity Application** while maintaining strict branding guidelines.
- **Medco Health Solutions:** Designed a new B2B homepage and interactive communication center, managing the process from sitemaps to final UI specifications.

JPMorgan Chase Private Bank

May 2007 – May 2008 | New York, NY

Senior User Interface Designer & Information Architect

- **Unified Banking Platforms:** Consolidated legacy systems into a turnkey, single sign-on experience for bankers managing **$25M+ minimum accounts,** contributing to the firm's ranking as the **#1 Private Bank Globally** by EuroMoney.

Bank of New York-Pershing LLC

September 1998 – April 2007 | Jersey City, NJ

Assistant Vice President, Multimedia Design

- **Revenue & Asset Scale:** Directed a 10-person design team through major acquisitions, leading product design for flagship brokerage applications that generated $330M in annual revenue and managed $**30B in customer assets.**
- **Award-Winning Products:** Captured multiple **CODiE Awards** and a #1 overall ranking from Gomez Advisors for **Best Online Brokerage Service**

Key Career Achievements

- **Consumer Product Scale (Verizon):** Directed UX strategy for a **$1.25B** consumer portfolio (including 5G Home Internet, Cloud, Family, Protect, Gizmo), reaching over **20M subscribers**.
- **FinTech Innovation (EBS BrokerTec):** Architected award-winning trading interfaces that processed **$100B+ in daily trades** and accelerated Spot FX volume by 30%.
- **Asset & Revenue Growth (Bank of NY/Pershing):** Led design for flagship brokerage platforms generating $330M annually and managing $**30B in assets**.
- **Global Consolidation (JPMorgan Chase):** Unified legacy systems into a turnkey single sign-on platform for bankers managing **$25M+ accounts**, elevating global rankings.

Core Competencies

- **Design & Strategy:** Envisioning and maintaining end-to-end customer activities; articulating design decisions to key stakeholders.
- **Methodologies:** Design Thinking, User-Centric Design (UCD), User Task & Workflow Analysis, and End-User Research & Analysis.
- **Process Leadership:** Leading design processes, overseeing team capacity, and managing project master files alongside local design systems.
- **Execution:** Information Architecture, wireframes & interactive prototypes, and usability testing.

Education & Certifications

- **Pratt Institute**
  BFA (Honors) Computer Graphics and Interactivity, New York, NY
- **Anthropic Claude 101 Certification** (Newly Acquired, Sep 2026)
- **Google AI Professional Certificate & Google AI for App Building** (Newly Acquired, Jun 2026)
- **ACI Dealing Simulation Certification** (2014)

Toolbox & Skills

Figma, Figma Make	Visual & interaction design
Sketch	Human-Centered Design
